About This Game

A journey of a lifetime...and beyond!

Chrysalis follows the quest of Comet - a warrior monkey descended from the stars on a mission to save his ethereal mother who has become cocooned at the centre of the earth by the one known only as the mysterious 'Long Shadow'.

The gameplay takes you on a narrative led swashbuckling adventure through seven mysterious lands each holding their own deep secrets that must be unlocked in order to move closer to the centre of the earth and release Gaia from her slumber. Pursued by a legion of dark forces ruled over by the shapeshifting Long Shadow the journey is a race against time to save Gaia and become the hero you were destined to be.

With fast paced hack and slash combat contrasted with challenging environment based puzzles the game moves along at a blistering pace and keeps the story alive with beautifully animated cinematic cutscenes.

Awaken your hero! The slumbering Gaia awaits

The image is a promotional graphic for the 'Hard West' digital bundle. It features a central arrangement of three items: a CD case for the 'ORIGINAL SOUNDTRACK BY MARCIN PRZYBYLOWICZ', a 'DIGITAL ARTBOOK' titled 'THE ART OF HARD WEST', and a 'DIGITAL COMIC BOOK' titled 'HARD WEST DIGITAL COMIC BOOK'. The CD case and comic book cover art are consistent, showing a dark, moody scene with a full moon and silhouettes of figures in a desolate landscape. The background is a light, textured grey with faint, large-scale silhouettes of a horse and rider. The title 'HARD WEST' is rendered in a large, stylized, metallic font in the upper left. On the right side, a list of features is presented with star symbols. In the bottom left corner, the 'GAMBITIOUS digital entertainment' logo is displayed, and in the bottom right corner, the 'CFG CREATIVE FORGE GAMES' logo is shown. The entire graphic is framed by decorative iron spike motifs at the corners.
